## Wacky Teacher – Or – Alien Creature

Lately, Parker's little brother, Tommy, has been acting weird. Like—**extraterrestrial**—kind of weird.

But Parker doesn't have time for Tommy's *alien* behavior.

The Flight Knights are on a **DANGEROUS** mission. A **SEARCH** and **DESTROY**—*real aliens*—Mission! The Top Suspect?

*Wacky Mr. Mackey*, the school science teacher. Alarming things are coming out of *Wacky Mackey's* garage. Stellar bursts of light. High-pitched screams. Coffin-shaped space vessels. But he's a science teacher, so no big deal, right? **WRONG.**

It's a **VERY BIG DEAL** especially when Parker spots Tommy coming out.

No way *Tommy* is an alien.

*Is there?*
