## Ride At Your Own Risk...

Hanna Stevens just received an **EMERGENCY ALIEN ALERT** *during school*.

But school's almost out. So, Hanna can activate her Flight Knight suit and track down the aliens. There's just one problem.

Bullies are teasing her new friend, Iris—calling her *Iris-The-Virus*. And that's not all.

Hanna discovers Iris has a **BIGGER** problem. **BUS NUMBER 51.**

Iris doesn't want to ride it home *alone*, so Hanna decides to ride along.

The Aliens will have to *wait*.

Too bad Hanna doesn't know what she's getting herself into.

After all, how long has she known Iris?

Did Hanna make the right choice?

Maybe the Aliens are *already waiting... for her...*
